

ESHIKA SHARMA

Early Childhood Educator | Craft & Creative Activity Design | School Social Media

Haridwar, Uttarakhand | 9456431257 | ishikasharma71950@gmail.com | Hindi & English

PROFILE

Organized, dependable, and genuinely passionate about early childhood development. I take a proactive, plan-ahead approach - preparing activities, materials, and content well in advance so classrooms run smoothly and teachers aren't scrambling at the last minute. B.Com graduate with strong hands-on craft ability, a natural comfort with young children, and practical social media skills, currently building a portfolio of craft activities and sample content for early-learning audiences. Looking to bring calm, reliable initiative to a school that values a teacher who takes ownership without needing to be told twice.

WHAT I BRING

- Proactive planning mindset - I prefer to prepare activities, materials, and schedules days or weeks ahead rather than react at the last minute, so classroom days run calmly and predictably.
- Independent ownership - comfortable taking a task or activity and running with it end-to-end, checking in only when needed rather than requiring constant supervision.
- Hands-on craft and art skill, with a genuine love for designing activities that keep young children engaged, creative, and confident.
- Working knowledge of social media content creation (Instagram & Facebook), including using Canva and AI-assisted tools to plan and design posts and short videos.
- Calm, warm, and patient communicator with children, parents, and teaching teams alike.
- Quick learner who adapts fast to new teaching methods, tools, and classroom routines.
